INDEX

VOLUME 32, 1956

A

Abbe, Robert, pioneer in neurosurgery, Herbert Parsons, 57
Founder of radium therapy in America, Sidney M. Silverstone, 157
Academy, Available publications, 318
Medal, Citation and presentation of, to Eugene Floyd DuBois, M.D., David P. Barr, 264
Plaque, Citation and presentation of, to Malcolm Goodridge, M.D., Asa Liggett Lincoln, 261
Adams, Raymond D. See Graduate Fortnight Panel Meeting, 657
Addison's disease, Centenary of, S. Zelig Sorkin, 819. Discussion, 837
Age, Nutritional problems of advancing, Fredrick J. Stare, 284
Aged, Anesthesia in the, E. M. Papper, 635
Everyday problems in the care of the (Graduate Fortnight Panel Meeting), Frederic D. Zeman, *Moderator*, 577
Fluid and electrolyte problems in the surgery of the, Kathleen E. Roberts, Jerome J. DeCosse and Henry T. Randall, 180
Management of injuries in the, Robert H. Kennedy, 487
Management of surgical emergencies in the, Condict W. Cutler, Jr., 495
Rehabilitation of the, Howard A. Rusk and Michael M. Dacso, 725
Surgery in the, Frank Glenn, 559
Aging, Atherosclerosis and, (Graduate Fortnight Panel Meeting), Henry S. Simms, *Moderator*, 517
Emotional and psychiatric problems of, Francis J. Braceland, 625
lung, Dickinson W. Richards, 407
of the myocardium, William Dock, 175
Physiological aspects of, in man, N. W. Shock, 268
Psychological aspects of, Ross A. McFarland, 14
What is?, Albert I. Lansing, 5
Almy, Thomas P., David M. Roseman and Warren S. Braveman, Gastrointestinal hemorrhage in elderly patients, 337
Anesthesia in the aged, E. M. Papper, 635
Annual Meeting, January 5, 1956
Annual report of the President, Edward J. Donovan, 251
Citation and presentation of the Academy Medal to Eugene Floyd DuBois, M.D., David P. Barr, 264
Citation and presentation of the Academy Plaque to Malcolm Goodridge, M.D., Asa Liggett Lincoln, 261
Anorexia nervosa, James H. Wall, 116
Anxieties during pregnancy, labor, the early and late puerperium, Study of, Norman Pleshette, Stuart S. Asch and Janet Chase, 436
Appel, Kenneth E., Freud and psychiatry, 858
Arnstein, Margaret G., Florence Nightingale's influence on nursing, 540
Arthritis in the elderly patient (osteoarthritis), Joseph J. Bunim, 102
Asch, Stuart S. See Pleshette, Norman, joint author
Atherosclerosis, Aging and (Graduate Fortnight Panel Meeting), Henry S. Simms, *Moderator*, 517
Automobile accidents and their prevention, Symposium on, 777-795
Epidemiological aspects of, John O. Moore, 784
Psychology of drivers, Herbert J. Stack, 777
Traffic conditions, Paul H. Blaisdell, 788

B

Barbiturates, Report on, Committee on Public Health, 456

Barr, David P., Citation and presentation of the Academy Medal to Eugene Floyd DuBois, M.D., 264

Berry, Frank B., Florence Nightingale's influence on military medicine, 547

Biggs (Hermann M.) Memorial Lecture, Symposium on automobile accidents and their prevention, 777-795

Epidemiological aspects of automobile accidents, John O. Moore, 784

Psychology of drivers, Herbert J. Stack, 777

Traffic conditions, Paul H. Blaisdell, 788

Blaisdell, Paul H., Traffic conditions, 788

Botein, Hon. Bernard, Role of the physician as an expert witness in civil action, 190

Braceland, Francis J., Emotional and psychiatric problems of aging, 625

Braveman, Warren S. See Almy, Thomas P., joint author

Brock, Samuel. See Panel Meeting on Therapeutics, 202

Brooks (Harlow) Lecture. Nature of the response to stress with aging, James L. Whittenberger, 329

Brown, Norton S. See Graduate Fortnight Panel Meeting, 577

Bunim, Joseph J., Arthritis in the elderly patient (osteoarthritis), 102

C

Cardiovascular disease, Evaluation and preparation of the patient with degenerative, for major surgery, John S. LaDue, 418

Carpenter (Wesley M.) Lecture. Some physiological aspects of aging in man, N. W. Shock, 268

Cerebrovascular disease with aging (Graduate Fornight Panel Meeting), Irving S. Wright, *Moderator,* 657

Chase, Janet. See Pleshette, Norman, joint author

Children, Indications for treatment of primary tuberculosis in, Edith M. Lincoln, 509

Clerf, Louis H., Manuel Garcia's contribution to laryngology, 603

Cobb, Clement B. P. See Panel Meeting on Therapeutics, 33

Coffin, G. Jarvis. See Panel Meeting on Therapeutics, 133

Collagen diseases, Some aspects of the pathology of, Leon Sokoloff, 760

Committee on Public Health, Report on barbiturates, 456

Constable, Kate. See Panel Meeting on Therapeutics, 202

Cooper, Irving S., Neurosurgical alleviation of parkinsonism, 713

See Panel Meeting on Therapeutics, 202

Covalt, Donald A. See Graduate Fortnight Panel Meeting, 657

Craig, Howard Reid, Malcolm Goodridge, M.D., 1873-1956 (obituary), 844

The New York Academy of Medicine, retrospect and prospect, 701

Cutler, Condict W., Jr., Management of surgical emergencies in the aged, 495

D

Dacso, Michael M. See Rusk, Howard A., joint author

DeCosse, Jerome J. See Roberts, Kathleen E., joint author

Dock, William, Aging of the myocardium, 175

Donovan, Edward J., Annual report of the President, 251

Opening address, Twenty-Eighth Annual Graduate Fortnight, 3

Doshay, Lewis J. See Panel Meeting on Therapeutics, 202

Drivers, Psychology of, Herbert J. Stack, 777

DuBois, Eugene Floyd, Citation and presentation of the Academy Medal to, David P. Barr, 264

Duryee, A. Wilbur. See Panel Meeting on Therapeutics, 133

E

Electrolyte problems, Fluid and, in the surgery of the aged, Kathleen E. Rob-

erts, Jerome J. DeCosse and Henry T. Randall, 180

F

Fazekas, Joseph F. See Graduate Fortnight Panel Meeting, 657
Fluid and electrolyte problems in the surgery of the aged, Kathleen E. Roberts, Jerome J. DeCosse and Henry T. Randall, 180
Freud, Sigmund, Meeting in commemoration of the hundredth anniversary of the birth of, 857-922
Introduction, Paul H. Hoch, 857
and medicine, Roy R. Grinker, 878
and prophylaxis, Paul V. Lemkau, 887
and psychiatry, Kenneth E. Appel, 858
in the perspective of medical history, Gregory Zilboorg, 894
Freud's influence in contemporary culture, Iago Galdston, 908
Impact of, on anthropology, Clyde F. Kluckholm, 903

G

Galdston, Iago, Freud's influence in contemporary culture, 908
Romantic period in medicine, 346
Garcia, Manuel, the artist and scientist, John D. Kernan, 612
Contribution to laryngology, Louis H. Clerf, 603
Gastrointestinal hemorrhage in elderly patients, Thomas P. Almy, David M. Roseman and Warren S. Braveman, 337
Genito-Urinary Surgery, Section on. Panel Meeting on renal calculi, Victor F. Marshall, *Moderator,* Gordon D. Oppenheimer, George W. Slaughter, Robert M. Spellman, Francis P. Twinem, 293
Glenn, Frank, Surgery in the aged, 559
Goodridge, Malcolm, M.D., Citation and presentation of the Academy Plaque to, Asa Liggett Lincoln, 261
1873-1956 (obituary), Howard Reid Craig, 844
Graduate Fortnight, 1955
Aging lung, Dickinson W. Richards, 407
Aging of the myocardium, William Dock, 175
Anesthesia in the aged, E. M. Papper, 635
Arthritis in the elderly patient (osteoarthritis), Joseph J. Bunim, 102
Emotional and psychiatric problems of aging, Francis J. Braceland, 625
Evaluation and preparation of the patient with degenerative cardiovascular disease for major surgery, John S. LaDue, 418
Experimental prolongation of the life span, Clive M. McCay, Frank Pope and Wanda Lunsford, 91
Fluid and electrolyte problems in the surgery of the aged, Kathleen E. Roberts, Jerome J. DeCosse and Henry T. Randall, 180
Gastrointestinal hemorrhage in elderly patients, Thomas P. Almy, David M. Roseman and Warren S. Braveman, 337
Management of injuries in the aged, Robert H. Kennedy, 487
Management of surgical emergencies in the aged, Condict W. Cutler, Jr., 495
Nature of the response to stress with aging, James L. Whittenberger, 329
Neurosurgical alleviation of parkinsonism, Irving S. Cooper, 713
Nutritional problems of advancing age, Fredrick J. Stare, 284
Opening address, Edward J. Donovan, 3
Panel Meetings
Aging and atherosclerosis, Henry S. Simms, *Moderator,* Aaron Kellner, Forrest E. Kendall, J. Murray Steele, 517
Cerebrovascular disease with aging, Irving S. Wright, *Moderator,* Raymond D. Adams, Donald A. Covalt, Joseph F. Fazekas, H. Houston Merritt, 657
Everyday problems in the care of the aged, Frederic D. Zeman, *Moderator,* Norton S. Brown, Robert B. McGraw, Marian G. Randall, Ollie A. Randall, 577
Psychological aspects of aging, Ross A. McFarland, 14

Rehabilitation of the aged, Howard A. Rusk and Michael M. Dacso, 725
Some physiological aspects of aging in man, N. W. Shock, 268
Surgery in the aged, Frank Glenn, 559
What is aging? Albert I. Lansing, 5
Graduate Fortnight, 1956
Program, 620, 695
Greenberg, Morris, Problems of the administration of poliomyelitis vaccine, 753
Grinker, Roy R., Freud and medicine, 878
Gynecology, Influence of J. Marion Sims on, Claude E. Heaton, 685

H

Heaton, Claude E. Influence of J. Marion Sims on gynecology, 685
Hinton, J. William. See Panel Meeting on Therapeutics, 363
Hoch, Paul H. Introduction to Meeting in commemoration of the hundredth anniversary of the birth of Sigmund Freud, 857

I

Injuries in the aged, Management of, Robert H. Kennedy, 487

K

Kast (Ludwig) Lecture, What is aging? Albert I. Lansing, 5
Kellner, Aaron. See Graduate Fortnight Panel Meeting, 517
Kendall, Edward D., Discussion on Centenary of Addison's disease, 837
Kendall, Forrest E. See Graduate Fortnight Panel Meeting, 517
Kennedy, Robert H., Management of injuries in the aged, 487
Kernan, John D., Manuel Garcia, the artist and scientist, 612
Kluckhohn, Clyde K., Impact of Freud on anthropology, 903
Knowlton, Abbie Ingalls, Discussion on Centenary of Addison's disease, 841
Kris, Marianne. See Panel Meeting on Therapeutics, 33
Kubie, Lawrence S. See Panel Meeting on Therapeutics, 33

L

Labor, the early and late puerperium, Study of anxieties during pregnancy, Norman Pleshette, Stuart S. Asch and Janet Chase, 436
LaDue, John S., Evaluation and preparation of the patient with degenerative cardiovascular disease for major surgery, 418
Lake, Michael. See Panel Meeting on Therapeutics, 363
Lansing, Albert I., What is aging? 5
Larson, Carl L. See Shannon, James A., joint author
Laryngology, Manuel Garcia's contribution to, Louis H. Clerf, 603
Lemkau, Paul V., Freud and prophylaxis, 887
Levine, Milton I. See Panel Meeting on Therapeutics, 33
Life span, Experimental prolongation of the, Clive M. McCay, Frank Pope and Wanda Lunsford, 91
Lincoln, Asa Liggett, Citation and presentation of the Academy Plaque to Malcolm Goodridge, M.D., 261
Lincoln, Edith M., Indications for treatment of primary tuberculosis in children, 509
Lung, Aging, Dickinson W. Richards, 407
Lunsford, Wanda. See McCay, Clive M., joint author

M

McAllister, Ferdinand F., Vascular disturbances associated with fractures, 127
McCay, Clive M., Frank Pope and Wanda Lunsford, Experimental prolongation of the life span, 91
McFarland, Ross A., Psychological aspects of aging, 14
McGraw, Robert B. See Graduate Fortnight Panel Meeting, 577
Maier, Herbert C. See Panel Meeting on Therapeutics, 133
Marshall, Victor F. See Genito-Urinary Surgery, Section on, Panel Meeting, 293

Mental illness, Controlled study of reserpine in the treatment of, Lucile M. Ware and Curtis T. Prout, 643
Merritt, H. Houston. See Graduate Fortnight Panel Meeting, 657
Microbiology, Section on (abstracts)
Effect of colchicine on antibody production, Nobuo Tanaka and A. H. Coons, 171
Histochemistry and labelled antibody, A. H. Coons, 168
Mixed infections with influenza and mumps viruses in the chick embryo, Barbara K. Watson, 169
Relation of a circulating pyrogen to the cause of experimental fever, Elisha Atkins, 846
Studies of the febrile response to acute bacterial infection and bacterial pyrogens, Ivan L. Bennett, Jr. and Willis R. Keene, 848
Studies on primary atypical pneumonia, Ch'ien Liu, Monroe D. Eaton and James T. Heyl, 170
Moore, John O., Epidemiological aspects of automobile accidents, 784
Myocardium, Aging of the, William Dock, 175

N

New York Academy of Medicine, retrospect and prospect, Howard Reid Craig, 701
New York Pathological Society
Some aspects of the pathology of collagen diseases, Leon Sokoloff, 760
New York Pathological Society (abstracts)
Application of electron microscopy to pathology, Jerome Gross, 86
Application of radioactive tracer techniques to problems in pathology, Patrick J. Fitzgerald, 87
Cholestatic hepatitis (primary pericholangitis, cholangiolitic hepatitis), I. N. Dubin, 396
Clot-density method of determination of fibrinogen in acute myocardial infarction, Bruno W. Volk, Samuel Losner and Philip Crastnopol, 244
Cytology of esophageal washings, evaluation of 364 cases, William D. Johnson, Leopold G. Koss, George N. Papanicolaou and John F. Seybolt, 386
Delayed allergic skin responses of the contact dermatitis type, Herman N. Eisen, 239
Development and prevention of fatty livers of portal type, Wellington B. Stewart, 394
Early cytologic changes produced by carcinogens, Norman S. Cooper, 79
Evaluation of the concomitant use of smear and cell block techniques in the diagnosis of cancer, Howard L. Richardson, Thomas R. Simon and Leopold G. Koss, 388
Experimental production of carcinoma with cigarette tar, Ernest L. Wynder, 76
Histochemical or histological technique, J. B. Longley, 83
Nuclear myelopathies of childhood, Stanley M. Aronson and Bruno W. Volk, 692
Pathologic aspects of lung expansion in mature and premature newborn infants, Peter Gruenwald, 689
Preliminary studies on the chemical fractionation of tobacco tar, Alvin I. Kosak, 76
Sebaceous gland activity as a measure of the relative carcinogenicity of certain oils and tars, William E. Smith, 77
Some of the clinical aspects of collagen disease including treatment with and without steroids, Louis J. Soffer, 768
Some pitfalls of the cytologic diagnosis of cancer, Leopold G. Koss, 391
Transfer in humans of skin sensitivity of the tuberculin type with components of disrupted leukocytes, H. Sherwood Lawrence, 236
Nightingale, Florence, Meeting commemorating the centenary of, in the Crimea, 535-553
Florence Nightingale's influence on military medicine, Frank B. Berry, 547
Florence Nightingale's influence on nursing, Margaret G. Arnstein, 540
Florence Nightingale's place in British history, F. B. A. Rundall, 536

Nutritional problems of advancing age, Fredrick J. Stare, 284

O

Obituary
Malcolm Goodridge, M.D., 1873-1956, 844
Oppenheimer, Gordon D. See Genito-Urinary Surgery, Section on. Panel Meeting, 293
Osteoarthritis. See Arthritis

P

Pancreatitis, acute and chronic, Management of (Panel Meeting on Therapeutics), Charles F. Wilkinson, Jr., *Moderator*, 363
Panel Meetings on Therapeutics
Effects of tobacco smoking, G. Jarvis Coffin, *Moderator*, A. Wilbur Duryee, Herbert C. Maier, Harold E. B. Pardee and Ernest L. Wynder, 133
Management of pancreatitis, acute and chronic, Charles F. Wilkinson, Jr., *Moderator*, J. William Hinton, Michael Lake and Milton R. Porter, 363
Parkinson's disease, medical and surgical management, Samuel Brock, *Moderator*, Kate Constable, Irving S. Cooper and Lewis J. Doshay, 202
Preventive use of psychotherapy in childhood, Lawrence S. Kubie, *Moderator*, Clement B. P. Cobb, Marianne Kris, Milton I. Levine, Marian C. Putnam, 33
Toxic effects of therapeutic agents, Paul Reznikoff, *Moderator*, Harry M. Rose, Marvin Stern, Louis R. Wasserman, 796
Papper, E. M., Anesthesia in the aged, 635
Pardee, Harold E. B. See Panel Meeting on Therapeutics, 133
Parkinsonism, Neurosurgical alleviation of, Irving S. Cooper, 713
Parkinson's disease, medical and surgical management of (Panel Meeting on Therapeutics), Samuel Brock, *Moderator*, 202
Parsons, Herbert, Dr. Albert Abbe, pioneer in neurosurgery, 57
Paul, John R. Properties of an "ideal" poliomyelitis vaccine, 747
Physician, Role of the, as an expert witness in civil action. Hon. Bernard Botein, 190
